## KLF - Module 1.5 Notes

### Welcome - The Goal of Leaders Alliance: Every Believer as a Level Ten Leader

In this session, we will explore what it means to be a Level Ten Leader. Leadership is not just about personal success but mastering life under the guidance of the Master of Life, Jesus. This module will help you reflect on your leadership journey and how to grow in both personal and organizational leadership.

### A. Our Definition of a Level Ten Leader: Life Mastery Under the Master of Life

- Jesus is the perfect example of Kingdom leadership.
- He provided strategic leadership development with His followers:
  - Gathered a core team (Peter, James, and John) and a secondary team (the other nine apostles).
  - Modeled intentional leadership and absolute dependence on the Holy Spirit (John 5:19).

### B. Your Call to Leadership is Both Individual and Organizational

- **Individual Leadership:** Develops personal growth and helps fulfill your God-given destiny.
- **Organizational Leadership:** Focuses on the growth and development of groups, whether in churches, businesses, or communities.
- **Level Ten Leadership:** Creates a win-win scenario where both the individual and the group thrive.

### C. Level Ten Leadership Looks Different in Different Settings but Shares Key Characteristics

- A Level Ten Leader:
  - Functions at their peak, mastering leadership principles.
  - Reproduces great leaders who, in turn, reproduce others.
  - Adapts leadership style based on context while maintaining core values.

## D. Level Ten Leadership Combines the Best of the Supernatural with the Super-Practical

- **Supernatural:** Led by the Holy Spirit, empowered by spiritual gifts.
- **Super-Practical:** Applies wisdom, discipline, and effective leadership strategies.
- The result: Thriving individuals leading in thriving environments such as personal life, family, workplaces, churches, and broader society.
