### Welcome - Clarify Your Passions and Dreams

God has created you uniquely, with passions, desires, and personality traits that reflect His plan for your life. Understanding these elements will help clarify your calling and guide your leadership journey.

#### A. What Aspects and Issues of Life Do You Care About the Most?

- Your personal destiny is tied to the things you naturally care about.
- Consider:
  - The people you are drawn to.
  - The settings where you thrive.
  - Whether you are an outgoing “people person” or more comfortable one-on-one.
  - What drives, bothers, and inspires you.
- These aspects of your life provide **clues to your destiny**.

#### B. If You Had No Limits

- Imagine there were no **limitations**—what would you do for God?
- This is the “**dream**” question:
  - Think outside the box.
  - Dream big.
  - Do not limit yourself to what you have been told before.
- Ask yourself:
  - When do you feel most **alive**?
  - What situations make you feel **productive** and **impactful**?
  - What’s the **maximum impact** you could make for God?

#### C. How to Clarify and Focus Your God-Given Calling

- Define your **vision**:
  - What do you want to see happen in the future?
  - What’s the end goal?
- Define your **mission**:
  - What steps will you take to accomplish this vision?
  - How will it happen practically?
- Keep refining your vision and mission to ensure **focus and clarity**.
