Module 6 Worksheet:

Module Summary

In Module 6, you explored the process of clarifying and articulating a compelling vision as a leader. This module emphasized understanding God's blueprint, envisioning future outcomes, reverse engineering goals, and inviting community input. You learned how to craft a clear and actionable strategy to bring your vision to life.

Key Takeaways

- A compelling vision provides direction and inspires others to follow.
 - Reverse engineering helps you create actionable steps from a long-term vision.
 - Seeking community input enhances clarity and fosters alignment.
-

Reflection Questions

1. What is the vision God has given you for your leadership or ministry?

"Where there is no vision, the people perish." Reflect on the vision that drives your leadership.

2. How does reverse engineering help you break down your vision into achievable steps?

"Write the vision; make it plain on tablets." How can you simplify your vision into practical goals?

3. Who can you invite into your vision to provide counsel and alignment?

"Plans fail for lack of counsel, but with many advisers, they succeed." Reflect on the value of community input.
