

Advanced Kingdom Leadership

Module 12 – Session 1: Leaders Alliance Vision and the Coming Season

Overview

This session introduces the vision behind Leaders Alliance and the purpose of this final module.

It explores the current global moment, the anticipation of revival, and the need for leadership preparation.

A Global Movement of God

God is moving powerfully across nations, not limited to one region or culture.

Different nations experience this movement uniquely, but the global Church is being stirred.

A Season of Light and Darkness

We are living in a time where both God's glory and cultural darkness are increasing.

Leaders must understand how to navigate this tension and respond with clarity and purpose.

The Coming Harvest

There is a growing expectation of a major global revival and harvest of souls.

Past movements like the Jesus Movement demonstrate how God can move suddenly and powerfully.

Lessons from Past Revivals

Previous revivals brought great impact but also revealed limitations in preparation and structure.

The current season calls for greater readiness to sustain and steward a larger move of God.

The Need for Preparation

The Church is not fully prepared for the next wave of revival and requires acceleration and growth.

Leaders must help develop churches and people to operate at a higher level of effectiveness.

Cultural Shifts and Challenges

Generational and cultural changes have created a gap between the Church and society.

Leaders must understand the current culture to communicate effectively and remain relevant.

A Strategic Moment in Time

This is a unique moment where conditions are aligning for significant spiritual breakthrough.

Leaders are called to recognize the season and position themselves accordingly.

The Role of Leaders Alliance

Leaders Alliance exists to prepare leaders and churches for what God is about to do.

It emphasizes collaboration, community, and alignment for greater Kingdom impact.

Leadership Application

Leaders must recognize the season they are in and prepare for future opportunities.

Intentional growth and collaboration are essential to steward what God is bringing.

Questions

What signs do you see that indicate God is moving in this season?

How prepared are you and your organization for a greater level of growth and impact?

What steps can you take now to align with what God is doing globally?

Activation

Reflect on your role in this current season and how you can prepare for what is coming.

Consider ways to grow, collaborate, and position yourself for greater Kingdom impact.
